Twitter HANDLE @lauraanntull I will be honest. I have not been "making money" lately but I have been active. I am resourceful. I built the following sites (using templates not programming): www.artistichope.com, www.womenlovepeace.artistichope.com and www.lauraanntull.artistichope.com. I have been a writer for the examiner in performing arts. I have been trained in photo shop, after effects, editing and am currently learning to shoot. I have been called crazy by some men for being well- an intelligent woman and I think it scares them. At the same time I am very much a kid at heart who does not want to fight but just create and enjoy this LIFE and well I LOVE ACTING and ACTORS. I want to act, be a set photographer, art director, maybe editor, maybe direct, and of course ACT. I love the idea of using color in film to emphasize themes (hence the desire to learn art direction. This is my acting reel: http://www.imdb.com/name/nm1913224/?ref=fn_al_nm_1 I am tired of feeling like i have to flirt withsome or date them to get a job. I have not done that and won't. Seriously that is how some men in this town have made me feel and I find it kind of CREEPY.

@NatalieNicole on Twitter and [Natalie Nicole Gilbert](#) on FB. Also, all group members are welcome to grab a free mp3 copy of my new ethereal jazz/pop CD, Slip of the Tongue. Use cart code GREENDRESS on NNGMusic.com for the full mp3 album. It's good for relaxing, or stirring a little energy while you get chores done around the house. The track Celtic Bee just got picked up by an international stock music library for film and TV licensing. :) Enjoy!

Do you have to be in the US to join because I know a woman in the UK who is an actress and also producing and making her own films?
