**Laura Ann Tull** In short- DOES ANYONE know a lawyer because this has to stop. It is called creating a rape culture and well I can connect the people who have been playing these games with me to now only Dempsey and Dane but their attorneys. They have cost me years of my life, mental stress (last time I checked Intentional infliction of emotional distress is actionable in CALI) and well if this gets me kicked out of this group- I hope not- I will be disappointed. It is crap like this by men like DEMPSEY and DANE and even the women who are on their side which is costing WOMEN opportunities and careers. I do have a legal background- I just don't practice, and frankly their assumptions I don't and name calling I need justice for. Not to mention there are nights I have not been able to sleep thinking that no matter how hard I work these guys will continue to backstab me. there are only about 30,000 crew working regularly and it is easy to pollute and my only solution is to take action so the next time a WOMAN files a complaint like mine the agencies and ABC thinks twice before they bury it.

**Laura Ann Tull** OK this is going to sound nuts, but keep in mind this is HOLLYWOOD and some celebrities can be a bit I am all powerful and get away with what i want. I have been repeatedly attacked, degraded, abused. everytime it has been someone I can connect to DEMPSEY and DANE of Grey's. Well maybe this was meant to happen but a guy I know hit on em who knows an actor named Luke Mably whose later work I liked. (I hated the "PRINCE and ME." Anyways, he got cast on COMBAT HOSPITAL ABC show that I liked better than GREY'S. Grey's in 2008 had me come to set to tell me I was on a list by Disney 8 months after I had a a car accident. I have written proof that casting was told ABC told the production to get rid of me. the accident was with a pay roll company that ABC used for Grey's but they switched around the time of my accident. Well the MABLY FB account started popping up on my FB a year ago with pics of MABLY copying my pics, and then with one with MABLY shooting himself in the head. the same account had appeared in my crew friend's page though he has repeatedly denied talking to MABLY or knowing what was going on. It turns out that MABLY's friend Stuart HAZELDINE who wrote a film I liked called "EXAM" I found out today has the SAME lawyer as DEMPSEY AND DANE. Hazeldine not only tried to follow me today- but VERBALLY slandered me on his twitter and blocked me. I sent an email to his LAWYER demanding the removal of the twitter and pointing out to them that they also rep these other actors who also slandered me and also from a set where I have proof ABC BLACKLISTED me 8 months after I had an accident and well I left this part out- I

also complained to every agency about being MOLESTED and abused by a guy whose friend's worked the show.

I know thank you. I want that. I just can't believe how small this town is and also just how easy it is to be victimized. NO MORE for me.
