I came across your BLOG and the page you decided to put up about me that included what were supposed to be private emails. Aside from the fact that you have perpetrated lies about me through your fantasies, as almost ALL of your information is wrong, you have probably hurt me with at least one casting director thanks to a letter I had sent you where I was clearly trying to HELP you. No good deed shall go unpunished has become true thanks to you. Remove the slanderous blog page about me immediately. You claim to be a lawyer, so you know you have no alternative.

Mr STARR I don't have fantasies in fact you are the one delusional. You told me you were going to be the star of some SCIFI project up in CANADA. I am really a resigned lawyer. My goal was not to be a star but to just work and now I am forced to put myself out there at any moment I can in order to get what I LOST BACK- me working on sets. I had no delusions of being cast from background AND YOU SLANDERED ME INSINUATING I HAD the condition your sister had. no one in my family has ever been a schizophrenic. WHAT DELUSIONS. I am a legitimate member of SAG AFTRA and have the VOUCHERS to prove it and none of them were from CARNIVLAE OR DEADWOOD.

Then sue me you ass whole. I heard the cast member of GRAYS look at me the last day and tell you that you would be OK after you walked up to me on set with phone in hand and said you were recalled and then looked shocked and told me so was I. YOU DID NOT HELP ME YOU FUCKING BULLIED ME BY INSINUATING I WAS CRAZY which by the way was LIBEL.

I NOW HAVE NODULES ON MY THYROID and I AM FORWARDING THIS TO THE NLRB. DO YOU KNOW WHAT THAT MEANS? I have hyperthyroidism and there is nothing I can do about it. I JUST WANTED TO WORK and you and your guy friends were upset that I managed to get fitted onto STAR TREK before you but I could not work it. You even made comments about how I was in STAND UP TO CANCER PSA on the SET OF GRAY'S. You bet I was- I lost my breasts to cancer.

I have just as much right to be respected as a person who was WORKING and not your delusions as to what was in MY HEAD. SERIOUSLY. I had the right to be with my UNION and I saw you at SAG AWARD events sir and that you could not even look at me.

HOW DARE YOU? And I told you I posted those emails a long time AGO.

I AM FIGHTING FOR MY LIFE and you are still working on sets and I LOST ALL THE CASTING AGENTS AT THE SAME TIME SIR AND I DID NOTHING WRONG. Demspy and DANE thought I was neither an ACTOR OR A LAWYER and I had no interest or thought of being cast on GRAY'S You were the one who went on and on about how they were naming your character and going to bump you up.

IF I CANT BE AN ACTOR THERE IS NO GOAL FOR ME YOU ARE AN ILLUSTRATOR SIR- DRAW but I had a theater degree, a certificate from AADA and I want restitution for the slander of my PERSON that SHONDRALAND AND ITS EMPLOYEES conducted to me. ANd you were a part of that by projecting your sister's illness onto myself. You never talked to DEMPSEY AND DANE however and I know that came from them and their relationship with CHYNTHIA YOUNGBLOOD. I also want to point out that the process server for GRAY's knows REBECCA STAMOS and that JEREMY GILBREATHE WHO TRIED TO RAPE ME did COCAINE WITH HER. Or he bragged about it. BE CAREFUL WHO YOU THREATEN. HELL WILL FREEZE OVER BEFORE I TAKE DOWN THE LIES YOU MADE OF MY SANITY when I was SICK and working my ass off.

I am not sure if this helps me or hurts. BUT Arnie Starr was on set with me both when I worked for Central casting for the last time and made comments about how I was against someone's religion and was also on the set of Gray's when I was told I was recalled. He insinuated I was suffering from delusions which to this day I don't know what he was talking about since he thought Gray's was going to cast him and kept telling me he was an illustrator. I was working in PHotoshop.

I wanted equal opportunity to stand with my UNION, take classes like every other member. Not discover that apparently they have the right to decide I don't have what it takes to make it and take away my rights. I was actually told by a woman i met at a voice over event this past week and I also was invited to an event for two

celebrities and had my picture taken, which I have to do in order to make sure I am still known as an actor after what the UNION has done, that if I were a man I would not be treated like this.

I actually think that ARNE found out about that and he is lashing out in a rage of jealousy. He claims he was helping me. He was not. He insinuated I came to set when I was not supposed to but I was told to be there on the set of BED TIME story back in March of 2008 and then he was there again on Gray's the week before I was told to come to set to be told I am on a list. It is one thing for me to be delusional and think someone is after me, another for the fear to be real as in I lose all the agencies with in 8 months of being brutally tripped.

By the way, I have hard copies. I have had my computer hacked, my computer stolen, and I as a precaution now have copies of all the documents on my hard drive and I have sent the links to the feds. YOU are not a doctor ARNE. YOU like me were background and I had just as much right to work as you did. Here is the kicker--I blocked you on FB but I knew the son of the senator of HAWAII and my ex boyfriend- the one who took my virginity and was my first is on my wall. He knew me at AMERICAN U when I was working for a company showing movie trailers and when I was the lead of a one act. He also knew I went to CUA LAW SCHOOL as I ran into him once with his brother on campus. I really was the ABA representative of CUA LAW, I really was the Graduate student counsel secretary of AMERICAN for two years. I also really did graduate PHI BETA KAPPA in THEATER and I am sorry but I AM NOT A SCIENTOLOGIST nor am I CHRISTIAN. I converted to CATHOLICISM at CUA. He knows as do most men I am not a SLUT. I would not sleep with anyone to get ahead and HOW DARE YOU? What you probably saw the publicity pictures from the party I went to and are JEALOUS and assume I am delusional putting myself out as an actor when You like me worked BAKGROUND FOR YEARS and like me are trying to push your self to be an actor. I've had a film in 13 festivals ARNE and at the time on Gray's I was working on my first NON UNION film as a lead- one that never got finished and as it turns out several of the cast members were AGAPE. I Am NOT.

And if you were referring to BLAKE SHIELDS - he wrote a play last year called "DOUBLE BIND" look it up. I get accused of stalking him and he writes a play and names his leads LAURA FRANK AND SAM and FRANK AND SAM are my ex boyfriends and I blogged about them on line. I AM SICK AND TIRED OF MEN LIKE YOU ASSUMING WHAT IS IN MY HEAD ON A PICTURE OR AN OUTFIT and then claiming I am nuts. YOU call me delusional because I think that I am going to be fired when I did nothing wrong, and guess what- I SHOW UP TO SET TO BE TOLD I AM ON A LIST- a list that does exist you jerk.

<https://answers.yahoo.com/question/index?qid=20100601212754AAOHN0T>

I did not attack anyone that day,, you were there., I did not hurt anyone. I heard a rumor some guy pulled a knife- I am not a guy and also I can't shave with a razor I hate sharp objects. I have been waxing since I was 16 and my ex boy friend will confirm that has he has first hand experience with my body.

I am not taking down the PROOF that SHONDRALAND LIED TO ME and FRANNKLY considering your position as illustrator and background artist like me- Id like to know who is paying for your lawyer to SUE ME.

Don't you dare threaten me. PRIVATE MY TUSH when you were being a backstabbing jerk.

And the copy of this is going to KENNY INOUE- who knew me back east ARNIE- I WAS WHO I SAID I WAS and I told you and others I had a mastectomy and wanted to stay on sets working production and acting. I was not being delusional- no more than you- especially since I keep being told I am beautiful- well this beauty wants her rep back on set- not hugs or love- but my rep back as a professional- the one SHONDRALAND and employees of that company like yourself help destroy just months after I was tripped on the GOODS.

Laura, I had nothing to do with any of the things you've attempted to tie me to. I tried to be your friend back then, nothing more. You continue to insinuate I gave you all these meaningful looks about all kinds of negative things. Guess what. Nope. All in your mind. I never attacked you, talked about you, backstabbed you....NOTHING. You continuously point out I was in the locations that you were in when things happened to you. So what. We DID work together, of course I was there. You mention I said you were in the Stand Up To Cancer PSA, and you were, so what, you make it sound like I'm saying that as a negative. So you make up all these twists of things. And no, you didn't tell me you posted these emails online. I was horrified to see what you've done. And yes, I DID suggest that you need to talk to someone and get help but you didn't want to, you don't believe in medicine. I only talked to YOU, no one else. And what I was telling you is the opposite of crazy, it's a condition, one that can be controlled. (And I don't have a sister by the way). Oh well, Your choice, your problem. The only person who keeps you from work, is you.

But YOU on the other hand continue to attempt to hurt me, dragging my name into all these things that clearly I have nothing to do with. Thankfully your own letters prove that to anyone who reads them. And yes, I've got a folder too of all your emails, since your erratic behavior is proven in every one of your notes. Took you 4 of them just to answer my small paragraph to you, all with the same regurgitated nonsense you've been repeating for years. So, you want to be the enemy. Fine, you've earned the spot. Get help Laura. Now take down that page and my personal emails to you and we won't speak again. Pushing it would be a

mistake.

You know what ARNIE I was background but I was not DEAF and your emails were unprofessional and slanderous of ME and your actions on set on BED TIME I mean you knew I was supposed to be there but then to my face on set tell me I am specking then email me I should have been there as if I CANCELLED WHEN I DID NOT. DON'T GIVE ME BULL OK. I AM NOT DELUSIONAL YOU ARE A CHAUVANIST who basically cut me down for doing photo shop and studying digital art. DON'T. And I also knew this guy when I worked at ROUND HOUSE THEATER and studied theater- you tried to imply I was not a lawyer, not an actor and not a digital artist and I heard you tell a young woman on BED TIME I hated her religion. You may have not been responsible but you were not a friend- GO AHEAD SUE ME- I have nothing period and cancer again. YOU WOULD LOSE.

I posted those along time ago and showed them to you seriously Stop making me the VILLIAN AND BE A MAN.

I AM NOT A SCIENTOLOGIST but I did not need medicine- I HAVE HYPERTHYROIDISM NOT A MENTAL DISORDER REQUIRING MEDICINE. Seriously I spent three days in a drug rehab place and they did not put me on medicine nor did they give me ANY PERIOD and let me go of my own accord. STOP PERPETRATING THE LIE I NEED MEDS SIMPLY BECAUSE I have acting credits now and you are doing background.

CONSIDERING YOU ARE FEATURED IN A FILM WITH AN ACTOR WHO DIED OF A DRUG OVERDOSE About SCIENTOLOGY don't confuse your film work with my life.

I knew JASON KRAVITS at ROUND HOUSE. He worked for the same theater I did and also knows I studied acting and was an actor.

[http://www.imdb.com/name/nm0006463/?ref\\_=ttfc\\_fc\\_cl\\_t11](http://www.imdb.com/name/nm0006463/?ref_=ttfc_fc_cl_t11)

He can confirm I worked for round house AND WAS GOING TO GET A MASTERS IN PERFORMING ARTS AT AMERICAN AND THAT I WENT TO WESTERN MARYLAND WHERE I GOT A THEATER DEGREE AND GRADUATED PHI BETA KAPPA. I JUST WANTED TO WORK AND BE LEFT ALONE. YOU ARE CRAZY AND TRYING TO DISCREDIT ME. STOP IT. I HAVE NOT EVEN TALKED ABOUT YOU TO ANYONE UNTIL I GOT THIS EMAIL. YOU ARE PARANOID. YOU ARE THE WORKING SETS. I AM NOT. I WORKED ON 200 PRODUCTIONS AND WAS HAPPY. YOU ARE JUST A CRAZY BACKGROUND ILLUSTRATOR GUY - SHORT UNATTRACTIVE TO ME AND UPSET WITH ME FOR BEING IN THE STAND UP 2 CANCER PSA WHEN I WAS THERE BECAUSE I BEAT CANCER.

AND I GRADUATED LAW SCHOOL. JUST BECAUSE I AM INTO HOLISTIC MEDICINE AND A VEGAN AND UPSET AND LEGILIMATELY ANGRY- FOR CHRIST SAKE I WAS TRIPPED ON A SET SO BAD I COULD NOT BEND MY LEGS FOR A WEEK AFTER BEING TOLD IF I DID NOT RUN I WOULD BE FIRED THEN JEREMY GILBREATHE TOLD PEOPLE I WOULD BE FIRED, THEN I AM TOLD TO COME TO SET TO BE TOLD I AM ON A LIST. I TOLD YOU I WAS INTO HOLISTIC CARE AND I HAD A MASTECTOMY. I ALSO HAD TO TAKE MEDICINE FOR PAIN CALLED VOROX THAT WAS BANNED FOR CAUSING HEART ATACHES. BUT I DON'T NEED MEDS WHEN MY PROBLEM CAN NOT BE CURED BY TAKING MEDS WHEN I CAN'T WORK SETS AND YOU WERE THERE ARNIE. YOU KNOW I DID NOTHING WRONG.

BY THE WAY you are friends with Marc Zicree who invited me to be at the table only to find people with the TABLE who worked for HOMELAND like my father and also NRA cop people. Also you have cast members of HEROES as in BLAKE SHIELDS. Denny Demoda who used to be pissed when I would work on sets and he would spec and wonder how I did it, worked every day. I speced 3 times in 5 years. that was it. You have all the background casting agents including FRIENDS OF JEREMY GILBREATHE WHO TRIED TO RAPE ME, and I want to point out YOU WORKED FOR DISNEY and have people with a vested interest in discrediting me in your world like the former president of SAG AFTRA who once offered me cocaine- so who is paying for your lawyer to SUE ME. YOU have jeff rector who hit on me once and I like him but NEVER TO DATE. I saw his moves in a club with women and I am not a player or to be played by anyone. Not the hook up type of girl but I can do what I need to do as an actress and have including kissing scenes. Anye Gross who made some odd comments about me at a SAG AFTRA event but I had only met him once, actually I remember he inferred I was a BITCH, though apparently he did not believe that.

MARC GESCHWIN who made comments that since I was a lawyer I should be able to get CENTRAL to give me my file- which they never did. FIVE YEARS and all they had was never again on three shows as though I had never worked on sets. ARNE YOUR THREATS are just to scare me because I filled against SAG AFTRA and SONDRALAND> I am not a delusional girl, I am fighting for my rights to the UNION I worked for and you know it. I worked more than YOU DID.

And you have to many people on your wall with a vested interest in DISNEY AND ABC and that is the COMPANY THAT BLACKLISTED ME. I was never out to hurt you, or maybe you think I am an anti social or what ever crap is in your head. SERIOUSLY you are a MAN therefore you have the right to go around saying you are an actor when YOU worked background same as me, but I get credits and I can't say I am an actor. I was being HONEST not delusional. ANd I will not GIVE UP OR BACK DOWN ON MY QUEST TO HAVE MY RIGHTS BACK AND RESTITUTION and you can tell the wonderful people with Marc's project that I am not interested in owning a HOME if I have to be a WIFE and cook and clean for a MAN- I wanted a CAREER ON SETS AND IN FRONT OF THE CAMERA. JUST LIKE YOU.

YOU AR HURTING ME WITH THIS- those emails have been up for years now- and you are STILL WORKING AND with the PEOPLE WHO BLACKLISTED ME. YOU have to prove DAMAGES ARNIE in most cases- I on the other hand GET TREATED LIKE I NEED A MAN OR WANT BLOW JOBS- that under CALI LAW is prima facie case of harm to a woman- at least when I took the bar- but I am not licensed anymore so why don't you ask a lawyer.

You are obviously clueless as to what I meant, and I won't bother to point it out since you seem to want to attack me. And yes, you ARE delusional. Wanna know why? I talked to none of the people you have mentioned about you. I have never said ANYTHING bad about you to anyone. Only person who seems to know about you is Carol Grant, and that was from your own mouth. My threats, brand new, are simply this. Continue to attack me, then yes, it will come back at you, tenfold. Tired of your bullshit...remove my name from your BLOG and then feel free to make believe I don't exist in your world, and I will be glad to do the same....

I worked for Clinton's Committee on Religious freedom. I am not threatening you. You threatened me seriously. And I have not seen you to talk to since Grays Anatomy. I'm delusional to you because I'm good with digital. And by the way the star trek drawing you showed me is identical to one on the back of my how to color comic books digitally book, but you did not draw it.

I was in a short in 2012 that is in 13 festivals and a friend gave me lines on set in a series he is doing.

And in 2003 I went to a house party hosted by a deadwood union background, it was at a loft party downtown. A man the spitting image of Rosenberg approached me and told me that his cousin a guy with very curly blonde hair, it may have been a wig, wanted to fly me to bora bora, I took it as a come on. They sat with me in a corner to talk. One pulled out a key and the other an envelope and they shortcake off the key. I turned them down. The host was union and a surfer and after I went to him, he apologized to me telling me he did not know those guys would do that. I put it out of my head until someone reminded me with a conversation about bora bora. Then I realized where I had seen Rosenthal before. Miracle Mile. The host saw what those guys did and knew my dad was a narcotics cop. You bet I don't do drugs Arne. I'm gorgeous or hot but I have talent and you are the bully in this not me. You and your conservative male friend.

Good, I'm glad you sent a copy of this and hopefully ALL of your emails. It only takes a person ONE of your letters to see there is a serious problem with you, one you are obviously incapable of seeing in your denied paranoia, so a whole cadre of them will get them to be looking at you, not me.. And it will be also quite obvious as to why your are not getting work. You seem to be of mind that because I have friends in the business that myself and all of them are plotting against you. Because I work, that's against you. Because I was a regular on Grey's, that's against you, but I'm in good company since the principle actors, the creator of the show, and many others there are also all plotting against you, at least according to your constantly repeated doldrums. Bedtime Stories, ah yes, the place where you decided to scream at the top of your lungs at a PA who was completely shocked at what you were doing, based on another fantasy of people getting you on a whole other show Eli Stone, and then you were surprised that you were asked to not come back and get yourself thrown out of Central. Yes, please, forward all these notes, they can easily corroborate all of it. And I do request of them to send you back a cease and desist, to take me off of your site, and once again, you can then just go away....

And I just got attacked again. I went to college on a full scholarship and I'm not a WASP. Is this what you meant Arnie because my action against SAg AFTRA is because I'm not Jewish and only if you guys talked to my parents would anyone know I'm a WASp and all the reps from SAG on your page including the former President-- Rosenberg etc. Are Jewish and I got asked out by Blake Shields Ambramoviytmz who wrote a play with a lead character who seems WASPY by the description. I once practiced pass over and for the record dated a guy in DC named Scwartz once and well I though Blake was Jewish but I've been told he has been to AGAPE events. I am not Cristian. My ancestors were actually Tully as in McTully as in Ireland and before that Rome. My last name comes from Cicero Tullius,

my toes are Roman toes and my blood type is A positive. I could have who ever is doing this arrested under the violence against women act. Again my parents Did not pay for college and I worked for Alvin Snyder a Jew who started the communication office under Nixon and he paid me 27,000 for the year I worked for him and as a temp I made 40000 a year back in DC.

Conspiracy to commit a crime Arnie I believe is also actionable but check with a lawyer. And I'm curious Illyanne are you also Jewish since the Unionsent me my card. I'm still a member but you refuse to let me attend events. Jeff Olan i believe is also Jewish. Between the Jews Discriminating against me and calling me a kept WASP and Christian Men implying I need a husband to have a home or I need therapy to ward off SATAN. Seriously I'm the one that needs a doctor. The legal definitions of insanity all have one basic thing in common, knowing the difference between right and wrong.

In my dating I don't prejudice other than having faith,but blind ignorant faith is out, as are men who do not physically take care of their bodies. Work out or get out ArNE and if my blowing off you older guy friends onset who by the way I know batsmen for being liked isn't discrimination, but my right as a womAn to not put up with unprofessional men on set. Even Blake Shields I ignored on Sleeper Cell when I was on set of Sleeper and did my job period.

And I sent these to the NLRB, and Blake friended me on FB without telling me he was dating anyone, but I guess I'm a WASP so it's OK to be made to look like a who're, which may have not been his attempt, but a Casting agent who by the way mentioned worked on Miracle Mile starring Rosenberg made comments in a group Q&A that actors should spend money on headshots rather than a date where they might get a blow job and he brought up Hughes and made comments about knocking off someone's wall for too much posting. Blake at one point wrote me an email telling me he was going to block me for too much posting. It was my FB page and I was not posting on his.

Is this the threat you and your Connections on the board all of whom I believe are Jewish. And perhaps that is why Blake is not working because he well is obviously a jerk,but also because he did go to AGAPE functions not stay within the family??

That PA I have emails from and she knew Blake Shields and had me yanked off Eli and told Me in the emails I was pulled off Eli due to the other background that I complained to her about bullying including one She told me

was a friend. I have those emails Arnie. And Central tried to say I cancelled your emails to me at the time don't mention what happened with Courtney and you were not there when I asked her why she lied to Central to get me yanked off Eli.

That PA knew exactly why I was upset and you were not there I did not scream, I was loud, but I also said I had cancer because the background knew I was getting sick. Courtneys response was don't lay that on me. And when I went to talk to Blake in Nov. He reacted like he knew Courtney and Marquessa Moreland. I threw up twice when working Eli. You now are lying because again I have an email from that PA which I have a hard copy of. Barry worked with me on Eli.

Your emails don't mention at all the incident with Courtney and your lying because she knew why I was upset and confirmed it in an email. But then men can get upset we women do and we are paranoid.

I was almost raped, had my legs knocked out from under key toe smashed and now my phone won't send attachments. Which by the way I will find a way to fix.

I should also point out my being upset with Courtney was the first day on Bed Time. I mean I went to her on Eli in tears practically because Marquessa and her friends made comments I wanted Johnny Lee Miller when he had a girlfriend and kept implying I should want Victor Garber a gay man. I am not a Scientologist, and for Gay rights, But that does not mean I want to date gay or bisexual men. So I tell Courtney the only actor I had ever had a thing for was Blake who had asked me out, nothing happened. Then Joy the casting agent of Eli tells me three days later that Courtney called her and had me taken off the list.

I worked Bed Time for days after that, not only that but I was told not to come back one day, then got called as a recall, then show up to set to be told I cancelled and the PA which you told me in your emails was mean gave me a blank voucher to work and I got recalled the next day as well. Then central over the weekend tells me not to

come back. They tried to make it look like I cancelled which would have made me look irresponsible Arne, and now your telling me that My being upset with Courtney, not on set, but at Breakfast and not in the holding tent hours before we even started shooting and I believe I was not even on the clock yet to work is why I showed up to set in August month's later with a different casting agent to be told I'm banned from sets for life? If I'm so hated why do I now have acting credits and yours are uncredited and not to be meaning I think it's disgusting you basically want me to cease to exist

No I'm a former lawyer and the PDFs are mostly of emails sent to me and I blocked Jeremy Gilbreathe. Blake Shields wrote a play I did not know even existed until a month ago with the names of people from my life and frankly I should have every right to work for a career. I was doing Yoga on the set of Carnivals before Blake wrote [to.me](http://to.me) to tell me he started doing it. Does that sound like I was stalling him?

I'm not interested in dating but working and I have not dated since March of 2006. I have a life and I will fight to have a life back on sets Arnie. I've lived in the same building for 7 years and my landlady told me the other day I'm a beautiful woman and dont know it.

Mike Barbier my ex would tell you I loved the Book Noble house and I took Chinese in Middle school for a semester stop this hatred and insanity I have my own mind and I won't be forced to marry or date or give up fighting acting Arne you know I'd die first. I even told a meditation teacher in Santa Monica that I would not study with her after she confessed to knowing Blake. I went AADA and got n on my audition. Are you suggesting they let me in so I could stalk an Alumni? You get in Arne if you can act.

But dangerous... seriously is that why I'm being treated like a terrorist. Your words when I'm sick and you hate me for having acting credits and for being female, you and the cast members of Sondraland for being a WASP. I don't hate you for being Jewish but for being so crazy with jealousy you and your friends would insinuate I'm dangerous. A thought crime Arne is not a crime in America and the only way I'm dangerous is for refusing to give up my career because I'm not some hot 20 something

I met a man who asked me to join a play group where Carnivale wastewater, but I did not know that. He knew I loved Sherlock Holmes so he invited me to play the lead. I did and I got an email later saying I did well. I'm tired of people like you bullying me Arne to the point of tears. In an educated intelligent woman therefore I'm dangerous.

I should point out that meditation teacher is now on my linked in and she has David Lawrence on her LinkedIn who asked me out and. Turned him down. I'm dangerous your the one who wants me to cease to exist.

No Laura, all the attacking is by you. You alone. No one else. You can attempt to blame me, Sondra, the Jews, Canada, Hollywood, whomever you like, but...it's you. The enemy is you. Only you. I know I'm wasting my breath, and you cannot understand the words being said to you, it's pretty obvious you are too far gone. But, once more and with feeling....go away. Lose my email address. Lose your fantasy that my attempt to maybe help you years ago has been the reason that everyone in the known universe is against you. Its you. The only person you can attribute to your problems is ...you. I do not care about you, your holidays, your past, your illnesses, I really don't care. I attempted to care years ago, but you showed me the error of my ways.

Stop your harassment and stalking, and yes those ARE actionable offenses.... GO AWAY!

Arne I'm not licensed anymore BC I quit. But according to this paper a recipient can show an email to anyone. You took the risk by emailing me. And again you emailed me this morning I did not attack you and those posts have been up for over a year and your still working. Now the law may have changed but I was not out to get you. I wanted my rights back. After working 5 yrs I suddenly get treated like I killed someone yet I worked for the census in 2010. I'm not reading your last email now, frankly my temperature is up to 100 and I'm rebuilding a computer today to build a home studio. <http://www.rbs2.com/email.htm>  
And Carol I never attacked you either. Arne today has told me I'm delusional, dangerous, paranoid and the most vicious thing I've said is its not my fault his project fell through in Canada.

Arne I have over 1000 followers on my Twitter including Canadians Buddhists Bahai, Indians, maybe Jews, poets, yogis, vegans. Your blowing smoke.

And all of this I created. Made these

And I auditioned for Amazon and if I had the equipment I'd be working voice even if you hate me Arne. You want me to go away when I have not been in contact with you for over a year or more.

You threatened me and I point out to you that sue me. You don't seem to get we get a day in court Arne. I'm not hating on you for being a Jew if that is what you are. I think Passover is cool.

You will have to face me in court. You will have to tell the court that I repeatedly told you I was sick. If you have a means of stopping me ARne legally but you will still have to testify. it seems your emails are a vicious attempt today to abuse me and are threatening and maybe I should post them. Arne there is no confidentiality statement attached.

Peace.

This was the very first email I received it today but it was sent yesterday. You started this and my website has been attacked before. Hate to tell you Arne but we had no agreement of confidentiality. Though I'm a woman of honor you ceased being a friend when you attacked my reputation for competency and kept pushing me to apply for unemployment when I was working. Unless you knew what was going to happen? You started this with this email. Yet you imply in later emails you do not intend to sue me or take legal action? I'm a citizen Arne I have a right to a day in court something The Union and the industry has denied me since blacklisting me. I'm sick Arne. I've been telling that to you all day and instead of taking action you have gratefully responded to me. In other words Arne you took the risk by emailing me and I can show said email to whom ever I chose. Call me what ever you want. I'm a talented girl who wanted laughter and art in my life and being soon sets, not abuse and discrimination.

I stress ask a licensed lawyer about half the people getting this are just that.

My expertise Arne in law school was Communications and Entertainment law. I was a member of the Giles Sutherland Riche American ins of Court in there Copyright Group. Kenny can confirm I worked for WALA the Washington Area Lawyers for the Arts not as a lawyer but arts management intern. I wrote papers on the NEA and droit morale. I started this by asking you to take down private emails that are your examples of how I somehow am the author of all your troubles. You're funny. By posting these things, you show no honor, no remorse. Yes I pushed you for unemployment. It's YOUR money. It was taken out of your pay, And its legally yours when you aren't working. But you want to believe its some kind of insult. Again, I was always just trying to help, don't need confidentiality agreements with friends. I'm sorry your sick, I didn't do that either. Never said

anything against you about that Stand UP psa, you did deserve to be part of that, and I had no problem with that at all, but you keep on asserting I did. Why would I do that? I'm in the same PSA. But your number one excuse you seem to keep on coming back to, the reason I must be against you, is because I'm working? What the hell is that all about. Your site is being attacked? How many other people are you blaming Machiavellian plotting against you that are clueless as to where you are getting it all from...

I talk to you because I always try to do the right thing, and I'm still trying to MAYBE get to the normal thinking person inside of you. But you defy logical thinking and circle back to your illogical connections to everything, continuously bringing up the same disjointed blame, which I'm sure just makes everyone on your list drop their mouths open in disbelief. Probably in more disbelief that I'm even wasting time trying to talk to you. Talk to your said lawyers, I'm sure they'll agree you need to stop this....

Thank you for your history. Now please realize that this doesn't put you above the law with the ability to arbitrarily attack people, which is what YOU have done, not me. And no, you never made any kind of pronouncement you were posting private emails. Privacy is implied in personal emails, but you only care about YOUR law, to do anything you want at will. Look in the mirror girl, there's your enemy, none of us. We have nothing to do with you.

You don't get it. Its your delusions of grandeur that i insinuate you caused this. You did not. The leads of grays did. You seem to express that my entire experience on set was you. At the same time you harnesses me in emails claiming I'm dangerous, I'm delusional, I'm paranoid (I'll say yes I m bc As many lawyers have said to me you have to watch your back) but you imply I'm out to get you. No. You were there that last day on Grays and I left being told I was coming back to work. I'm not the one who needs help Arne. You do,

Do you know that I almost dated Cynthia Youngbloods ex Jonny Ponzio and that she was talking to Dempsey and Dane about Me and backstabbing me to PAs. Do you know Jeremy who is friends with Johnny tried to Rape me. Do you know I've been friends with Kelly Perine and dated his friends in 2005 right before finding I had cancer yet you and your friends seem to think I was so obsessed with what, because to be a stalker I must be obsessed with someone. I'm an actor, so you say you are to, the focus on doing it rather than attacking me because I got a credit, did a red carpet and you are hating me for it.

You were upset with me bc somehow you found out, bc as I recall you brought it up to me bc you saw the script bc I got fitted for Star Trek before you did but then I could not do it. I was allergic to latex. People shouldnotbe hating on me. As it stands I have no choice but to keep fighting to act bc guess what Arne, I don't want to be miserable. I'm not the wife type,I'm A doer and I love acting. Andifmy job to pay my rent does not involve acting a well I'm not going for it.

I'm now terrified you might attack or hurt me in some way.

I never attacked anyone. Seriously Arne I hate guns. I have not seen Carol in person since before 2007.

I can't use a razor bc my father almost cut off his finger.

Dad this man is accusing me of attacking someone. I've never been arrested. I have the medical records of my stay in the hospital. I slapped Marc Barbier in 1993. The statue of any assault has run.

I never raised a fist to anyone. And I talked to police about this my being angry and raising my voice is not a crime.

I should add using the cops to destroy someone is also abuse of process and considering that I continued to work two days after I asked Courtney why and she responded to me via email with no mention of an attack a year later. I don't think she would do that if I terrified her and hurt her. You have to be kidding me.. seriously you guys hate me so much you'd make up me attacking someone?

Note I include Tim Rudd I'm sorry Tim who mentored me. Stop the lies. I never attacked you or anyone. In fact I just told you on Grays you should not be on the phone on set.

Its a crime to post those email? A crime? Ask your lawyer the distiction between a crime and a civil action. It is also not a crime for me to refuse to work with or practice law or refuse to work for the government. I took an oath to up hold the constitution and I'm doing that by standing up for my own rights to not be blacklisted or denied my rights by the Union. Every union lawyer I've managed to get a 30 minute consult with has said what the Union is doing is wrong. Also from an ethics perspective if I can't mentally deal with law I'm required to quit.

I love you practically quote my dad, he hit me, lied about me, and I've never been on meds or been arrested. Put in a drug rehab place for three days yes, but I don't do drugs and I don't practice law Arne but it's not a crime to pretend to be one on TV as an actor. We don't have debtors prison and any and all debt I had was with the goverent and I told them in 2007 I quit law and I'm training to work with web series and acting, and they told me I could do what I want. I'm going to finish the program now and not be able to reach any of my goals because of pettiness and one man's need to cover up his addiction to drugs and sex, neither of which I'm obsessed over.

No logical person makes choices to be miserable and as long as I can find away to work with actors and be around actors I'm not doing community-based theater. I was so happy on sets that I need to keep working to be back there.

A set photographer makes \$50 An hour. An art director makes \$2000 a day and I'm a creative girl and a good actor. Arne I was in the first cast of Choices a play done for freshman on the east coast and got rave reviews. The play is still done to this day. You are harrassing me. And emails are admitable in court or legal proceedings Arne. Seriously please, I'm sick physically. Your actions are negligently harmful to my health. I told you I posted those blogs awhile back. You are invading my email with derogatory criticism of my sanity and character and that

is criminal as it is negligently harmful to my health and well being. Please go talk to someone about your need to hurt women like myself if we are happy and having some success.

If you don't stop now I will take steps to protect my safety to ensure you can't be near me. I'm not going to be forced to leave town or the industry because of your fear and hatred of me as a former protestant white intelligent woman. And there are people here who like me. People her who would cast me. I'm even in the Brittish acting groups on Facebook. There is actually more open work there than her but that makes me furious. There is no law making ma slave to anyone Arne, and my father has even said I don't have to pay him back, but I'm not going to associate with anyone You or he wants me to to get work. I'm not going to be forced to work in Chritian films or with republicans or even in the vegan world. I'm her to act Arne and you have no right or anyone to lie or deceive or slander or insinuate I'm delusional. You are not medically qualified to determine my sanity Arne. And I'm not pagan either.. I'm tired of pain Arne and anger so Peace

E

This is the last note to you. Pointless talking to you, you are unable to understand anything being said, and basically prove my point with your own words. You making up lies is clearly laid out in your own words, and you intent to continue your falsehoods is equally laid out. You have no ethics, as you cannot understand the concept. Get help, only you can take that first step... You will now be blocked.

Wasn't going to reply, but this was earlier than the previous one and this one thing stood out...

"Dad this man is accusing me of attacking someone."

IS this the same Dad you have claimed to hate in the past, and you are talking to him first person in a note you are sending to me? Then again I see you are now talking to Tim Rudd, though I'm guessing you mean Tim Russ, whom I do know personally and visa versa, but I guess that means I must have magically affected something there too.. And all of this is now claimed to be because you saw me with a phone on a set that I was a regular on for 4 seasons... Please get help, and apparently, please leave ALL OF US alone....

Thank you for sending the link, and I have to say that was an impressive piece. Well done. It was coherent and DIDN'T include the detritus that you have the urge to bring up in emails that would have marred the points you were making. That's not meant as a slight but as a good thing. If you could manage to deal with people as clearly as that ALL the time, you'd probably be able to get past the issues that have gotten you into trouble in the past.

Now please, once more, I do not want to be your hostile witness. I do not want email sent to you in confidence displayed on the internet. Show me the caring that was in that blog, not the betrayal of posting things that shouldn't be there. If you still refuse, then that simply negates all you tried to show in that blog and makes you the villain. Somehow I don't think that's the part you want to play.... One last time...please!

I don't lie Arne. I never have been a liar. Period. Because I've suffered enough I will not go do community theater or get a job that will lead me not working on sets. We have a right to pursuit of happiness which means mental and physical well being. I have medical records proving I have nodules, lost my breasts, pay checks for every day on set, records showing I have a slipped disc in my upper back, and my knees won't let me ride a bike.

I also don't have an STD. The girls from deadwood and a guy I know who gave his girlfriend herpes started that one. I'm a nice girl but in also a resigned lawyer Arne. I won't lie which is one reason I won't practice. Conflicts with dealing with lying clients.

You think your above the law, you can bully, call me names, belittle my integrity and sanity. And I did not insinuate you caused this but you've informed me what the opinion was which are slanderous. I don't stalk. Seriously my ex is Sam Bakalian. I have emails from him. He worked for Gore. I'll even give you a list of every man I've kissed if you think I violated some law with that.

I think what was orchestrated was the crime against me. Intentional infliction of emotional distress and I have blood tests proving my thyroid anti bodies were high in 2008. I'm telling the truth and like Jeremy Gilbreathe you don't want anyone to believe, if I lied face me with it, seriously cowards accuse someone of lying behind their back, You tell me in one email I was speckong on Bed Time but I showed up that day to be told I cancelled. If anything Courtney Lovell or Central wanted to make me look irresponsible and I'd never cancel. In 5 years for Central I cancelled 3 times. I took my work seriously And loved it. I was not out for the American dream but just to love life and be on sets, I will never have any happiness not being on a set. Never.

Laura, relax. You tell me all these details over and over and over, but they all have absolutely nothing to do with me. I have brought up not a single one of your details, ever, you have. You accuse me of going above the law, when it is you publishing private emails, going into my friends list to see who is somehow connected to your stories, and using them to make unfounded accusations and connection to you. I know only what you've told me of your medical history. No idea who Sam is, and don't care. Courtney I know from set, nothing more. Central gets reports from the people in charge and those are your repercussions, which, guess what, had nothing to do with me. You seem to have this urge to target me because I'm a working actor, and for whatever reason, you don't like that, and feel that if I'm working then you should be too. You swear up and down that you do not lie. If that's the truth and you do believe that, then you need to stop including me in these stories of yours, because I am NOT part of them, and holding me up as though I am, is certainly not the truth, so what does that make it....

Goodbye.

Arne Courtney is the woman I got upset with. I am sorry I am going to publish your emails because you lie. I got fired for attacking a PA. The only PA I had a verbal argument with was Courtney and your telling me you don't know her that we'll. Then who did I attack. No one. Your repeating gossip that isn't true and proof to me and to

others I was wrongfully committed to a drug rehab facility and blacklisted. These are going to the NLRB. All of them. If I have to print them out and hand deliver them. Stop now before you incriminate your current employers, ABC and Grays. You've give me proof. Thank you.

Arne you accused me. LeVe me alone. Stop obsessing over me. You're the one who emailed me and told me to lose your email. I've been slandered and you bet the hell I'm going to do what I can to prove I was wronged and get justice. You a good actor Arne but don't kiss up to me for the people on your wall. No intelligent woman let's a man who has belittled her back in the door. I deserve better.

You worked background with me Arne. And bc of men like you I won't work unless I'm back on sets working. I'm an actor to. And I have not worked since 2010 and I will not work or date unless I'm allowed to stand with my Union and work to. I was actually talking to a friend about this and pointed out all your credits are uncredited. I did not attack you. That requires a physical act. I posted the email a proof I did nothing. You and your friends just wanted to make sure I was no longer working because I was a woman who refused to date. I'm an actor and if my computer had not been stolen I'd be working still.

And considering you have the Grays Anatomy connection on your website I say your actions are a deliberate attempt to thwart my charges against the cast of that show and its Crew. If anyone should be attacking me it's Jeff Olannot you and he clearly states grays production told him to get rid of me. Stop or I walk into the police station and file a report. I filed charges against Patrick Dempsey for saying I was not a lawyer the last day I worked with you and for insinuations about my soul mate. Seriously what business was it of there's who I liked. Blake never worked with me on ABC sets. And Johnny Ponzio and I kissed but I told him off the minute I found about Disney. Your attacking me bc of your employer ABC and well your tied to Dempsey. And you know the NLRB just served them. All these emails are going to the NLRB.

I did not want the first emails you sent and I'm publishing them all and I'm tired. I'm not an evil person and I'm sick of people like your self who needed to be mean because I was trying to make a living without a man in my life or for that matter well I'm going to be back on sets. And I'm not stalking anyone. And I'm taking these and publishing them bc I told you to stop 10 emails back. I'm sick.

And there is a musician on my wall working with Eric Dane on a film and I've expressed my opinion. My ex from back east is also on my wall. I wanted to come to California back in 1993 when we were dating.
