No, Laura. You have accused me, continually, of things that I had nothing to do with. I found that incredibly hurtful and insulting. And yet, in your rants against the industry, you feel the need to point put every man who has hit on you, And to declare what is and is not your type, and to tell me, continually, how long it has been since you've been laid. I'm not offering you romance, only letting you know that I've always found you attractive, I fucking LOVE redheads. And letting you know that because I'm completely heartbroken right now, if you ever once felt an urge for me, I can be easily seduced. I need comfort, I need a lover right now. You can choose to interpret this as a compliment or an insult. It's up to you.

I mean seriously- you write to me and ask me if we can be lovers. I WAS MOLESTED BY JEREMY GILBREATHE. you just broke up with your girlfriend and YOU BET THE HELL I DESERVE BETTER. I am a mature woman. You won't case me with someone attractive and KNOWN who might want to help me get my career going but pair me up with an actor who is FICORE. You claim not to know luke mably but he pops up on his page. By the way- next time you hang out in VENICE give BLake Shields and Luke Mably a shout out from me. I am sick of the fucked up games people play trying to either claim I am a stalker when I am a PROFESSIONAL ACTRESS and person and I HATE AMERICAN MEN For being the most immature of the sex. Seriously- how dare you. YOU shoot donw ADRIAN PAUL. YOU shoot down NICHOLAS GONZALES but you are ok with my german friend knowing he is taken. Wll so is ADRIAN. He just had his second kid. SO you want to know something, when you grow up then you will make a good movie. I AM AN ACTRESS who has been lied to and about. I spent my new year SICK because I only weight 113 pounds. I LOST MORE THAN INCOME- but also food as well so technically I made 25,000 a year because I never had to cook for myself when I was on sets. I also got overtime. Id have to take two par time jobs to make up for not being allowed to be an extra anymore and lwill not work usingmy law degree. lheard you on set talking about working as a temp in law offices. I told people when I HAD THE CANCER I WAS DONE with that profession. Id rather endup homelss and as for LOVE- I am no ones LOVER ever- I wanted my life partner, my other half. i have not had a man in 6 years because I want someone who will respect me, not be mean to me and if i am hurt wil comfort me, unlike my stalker of a father who keeps sending me EMAIL even when I tell him his actions make me want to hurt myself. And I don't need men from Vlrinia ever in my life. WHAT A HYPOCRIT- you talk about being CHRISTIAN but you want to be my LOVER- play with yourself- I prefer having MEN in my life who are EmOtioNALLY available and not POSSESSIVE and destructive to my sense of SELF WORTH and SAFETY.

[REDACTED]
[REDACTED] g, but
[REDACTED] Also I am capable of
playing the role in that short you sent me- and frankly would KICK ASS
AT IT. PERIOD.

I never said I was gonna cast my FICOR friend. I said I was gonna put him in the original application to see if SAG would tell me if he is FICOR or not. It was a test to see what they told me about your status as well as his. I was then going to submit an amended cast list once I actually cast the role. You're allowed to do that. Films change casts all the time. My previous short had 3 cast changes, one at the last minute. I apologize if you misunderstood me. My FICOR friend is totally wrong for the role. I was just using him, (with his permission), to see what SAG discloses.

Again, I apologize for hitting on you while drunk and heartbroken. I meant no offense. I wasn't being predatory and creepy, I was broken and vulnerable.

I never said I don't know Luke Mably. I said that after shooting 13 episodes of The Gates from March thru August of 2010, I haven't communicated with him since we wrapped.

Not sure what you mean by "I shot down Adrian Paul and Nick Gonzales but am ok with your German friend..."

What did I shoot down? I'm not following your logic.

Regarding my letting you read my script, I'm sorry for not replying, I got hundreds of requests to read it. I chose 13 people from various walks of life. If you had asked earlier, you would've got the slot I reserved for a working actress to read it. After I complete the 3rd draft, I will do another round of asking friends to read it and give me notes. I will gladly add you to that list if you still want.

Regarding the short, I told you it would take a while. It will be self-financed and right now I have no money. I work just enough to break even on my bills. Don't confuse my travels with meaning I have cash. I got extraordinarily lucky and scored a free travel benefit. I ended up getting bumped off the flight to Ireland and ended up in Seattle and then Anchorage. I return to LA tomorrow.

But I'm doing a 1-day commercial Saturday and I have a month-long movie in mid-February. Depending on what I do in between or immediate after, we might be able to make our little movie. I do believe you can do this, you're the first person I thought of when I read it, and I trust my instincts.

This woman <http://www.imdb.com/name/nm1351410/> worked on Grey's the last day I was there. She was also on ELI STONE. that day she saw me and recognized me. Told people I was playing a lawyer on ELI STone, and also told me that the woman in the attached photo was probably not the fiance of an ABC producer. this woman showed up on ELi Stone after telling me she saw the pilot (before it aired) and that she HATeD IT. WHY bring her up the day before I get told I am on a LIST by DISNEY. I saw this woman last week at SAG FOUNDATION and she practically called me a psycho to my face and yet she lied to me and about me. She showed up on ELI trying to work it after telling me she hated it. I got the upper hand because I went up to talk to JOHN HAWKES because we knew each other and she after acted like she had been smacked. WHY BRING HER UP on Grey

PLEASE NOT THAT SHIMMY also worked on SOCIAL NETWORK with JEREMY GILBREATHE!!! The man who molested me!!

Laura,

Just because Shimmy was in the hair department of a movie that also hired someone who harmed you.... What are you inferring? I don't get it. Do you not know how crew hiring works? He didn't hire her, she didn't hire him, the fact that they worked together is a coincidence!

Shimmy is one of the sweetest people I've ever worked with. I do not know who this other woman is who claimed to be engaged to a producer and hated Eli.

There are only 30,000 people in the crew world. We've all either worked together or know someone who has worked with anyone in question. You can draw a connection between any of us with very little effort. But it doesn't mean anything that Shimmy worked with you us on Eli, then followed you to Grays, then ended up in a film with this asshole who touched you. She's good at her job and works all the time. It's all coincidence and completely unrelated. She's a hair stylist, for God's sale, how much power do you think she has? About as much as a script supervisor. You are putting WAY too much emphasis on people in the crew world. We take the jobs that hire us and don't give a shit about who the actors are.

Barry- the crew on ELI knew I wanted to file charges against JEREMY- his friend was one of the stand ins. Crew kept wanting me to shut up about something- my guess is that- and WHY BRING UP THE GIRL who said she hated the pilot to me the last day I was on GREY"s??

I don't remember any discussion among the crew about you and Jeremy Perhaps a few individuals on that crew knew something, but crew-wide, this wasn't a discussion we had.

Being in Hair, Shimmy would be a little more clued in to gossipy matters. I don't know what was said or by whom, all I know is that crew people work 80 hours a week. We do not spend our free time plotting and scheming against actors.

YOU KNOW WHA T I DON" T NEED - a fake friend. I was 501 50ed ON LIES- I worked full time than showed up to be told I was on a list the day after [REDACTED] shimmy shows up on Grey's and the cast made comments about me. MAYBE The CREW DON't but Jeremy Gllrbreathe and the CAST

obviously did. WE ARE DONE- I've had dreams of workign with actors taken but it will NEVER MAKE ME FUCK SOMEONE I CAN'T love ever. I am more mature than that and FRANKLY I worked 40 plus hours on sets in background that does not mean I deserved to be spit on like I was less than dirt or to be treated like I was crazy when I WAS SICK. I HAVE NOTHING TO LOVE OR LIEK ABOUT THIS LIFE becuase I have nothing to hope for if I can't fight to work with actors I admire and like. I have gone from admiring one actor to HATING HIM and WHY- because I happened to make LOS ANGELES MY home and the jerk moves here. I DID NOT PLAN THAT. I NEVER STALKED BLAKE- he lives in the PALms or VENICE but that is not going to stop me from going to that part of the world. ACTORS ARE NEITHER gods or royalty in the US and they should not be able to label me or my DAD as someond who can never work on sets. THAT IS CALLED SLANDER and is legally actionable- I WILL NOT PRACTICE LAW TO SURVIVE if I can't sue and get restitution for having MY REASON FOR STAYING ALIVE WRONGFULLY TAKEN.

FUCK YOU. we are not FRIENDs becuase YOU HAVE noT BEEN REAL WiTh me at all. Professional my ASS. THERE WAS NO CONSPIRACY- jsut a group of people who basically wanted to screw me out of my only source of income because I could not date them and worked more than they did. GOOD BYE!! YOU were never planning on cast me and I WANT REAL FRIENDS who want to see me ACTING- not jerks from VA who think I am good enough to FUCK but not good enough to work in TV.

Not there to screw anyone, goof around, but you know what that was not the case for others and I am sorry- but I DESEVER justice for what the people at GREY"s did because they did conspire to make me think I was never allowed to be on sets again. PERIOD. there were witnesses too.

I gave up red meat when I was 16. the fact that you kept asking me when I started made me mad. LOOK- I am a woman - that means I am not ruled by my third LEG because I don't have one. I DO THINGS independently. DO you know what I think? You think I did it for some guy or to get something. I HAD CANCER twice. I hate the way we live in america by poisoning are bodies, not working out or encourageing good health or having the attitude that only celebrities should work to have great bodies crap. I want to live to be old but only if I can live today like I might get cancer again- not 50 more years of me being in a hell of people like you acting like I am doing anything to what- manipulate. THAT IS MY DAD. i will never eat meat again. PERIOD. It is not only for my health- but against my religion ~~as I am~~

It could be the spam filter in your email got an update and there are words in the emails that trip the filter? I'm noticing lots of industry emails that used to land in my inbox now land in spam. I just highlight them and click "not junk" and the filter "learns" not to put mail from that sender in spam anymore.

I don't know but think about this.... I post in a website that I would date someone who looked like Luke Mably but was VEGAN- do you look like mably- so what would I GET OUT OF being FUCKED by you. AGAIN you did not ask me for dinner... you asked to be lovers- same thing- you fuck me - you get to feel good but I get to be used with someone who what- do we enjoy the same music, art, acting, discussions. KNOW. I am stuck then having been used by a guy who is the liberal version of my father. MEANWHILE I get treated like crap by the crappy stuck up actors in HOLLYWOOD like [REDACTED] and the ABC group who apparently have decided I am some [REDACTED] FREAK who is not their equal... not only that- but

Laura,

Again, I apologize for the clumsy, awkward way I hit on you. But you can't get mad at me because I didn't do it the way you'd prefer, all you can do is say no, which you did, and I honored that answer and didn't ask again.

I am embarrassed that I stooped to such a cliché in a drunken vulnerable moment. You're not the first woman to have a male friend do something stupid like this, and you won't be the last.

Again, I meant no offense. I'm not a rapist or a predator. I'm just a normal guy who is/was/is in a difficult relationship. We've broken up and got back together 20 times in the last 2 years. In that moment I truly thought it was over and you happened to contact me over Facebook chat and I decided to see if you had any interest.

Again, perhaps I should've asked differently, but please don't be angry just because I didn't follow the script that you'd prefer. I didn't know. And again, I sincerely apologize if I made you uncomfortable.

Barry

My trust in you is DONE because YOU DAMN WELL KNEW I WAS NOT INTERESTED IN YOU PERIOD. I like ACTORS not crew, not directors and not people who might hire me. I DON'T do friend fucks either. EVER. I have never had a friend with benefits and I AM NOT INTERESTED IN THAT. YOU WERE RUDE. YOU WERE INSENSITIVE AND THERE IS NO EXCUSE. you obviously did not listen to me as a friend at all. How can I trust anything you say to me now or ever. I tell you about actors I know and they stop talking to me. I get blocked from following MABLY but I can see what he posts so I know he is in VENICE so now I DON'T go there except

on the Hollidays and I feel I am right back to when people would make comments about BLAKE SHIELDS- except BLAKE WANTED TO DO ME- so SCREW YOU. I still think MABLY is hot by the way— but he would not like me [REDACTED] but I WONT SETTLE FOR SOMEONE I DON" T WANT while waiting for someone I DO. I don't need to settle nor will I. I have not had sex for 7 years and I need respect, genuine friendship and real LOVE and companionship and ACTING MORE. YOU WERE NEVER MY TYPE PERIOD.
