I am going to end up homeless on the street because our society wants people who want the NRA. Im not allowed around guns because sag aftra 501 50ed me in 2012 after i protested the sag aftra merger. My parents say they had nothing to do with it yet my father called me to check on my status. Ned Vaughn presided over the meeting lover of the NRA. I am a actor. My one goal be an actor. Not do communy theater. I achieved what most actors want the union. It meant free classes and networking events. Then someone lied. I hate guns. I told Katy Kurtzman. I sent an email in 2011 to Assaf Cohen on the union board. They have stopped me training and meeting casting agents. I hate my parents. Im in a sivk codependent relationship with them and i cant get out. I will nt work with or for republicans. And if i can not work in entertainment with actors than i cant get a job. I worked 5 years on sets. I was successful. I cant thrive in the real world. I have no desire to be in debt or be ateacher. Irony people thought i was being irresponsibke because you do nkt get a pension as an extra. Well you do nkt get one if you lose the desire to fight to survive either. I do not want people in my life unless they

Irony people thought i was being irresponsibke because you do nkt get a pension as an extra. Well you do nkt get one if you lose the desire to fight to survive either. I do not want people in my life unless they respect im.an actor. If i made money id want to be in a casting workshop trying to get hired to be on a filmset. Not be in training to have a career to have job security. I wanted to work production as crew but if im being slandered and not allowed on sets or to be around the actors ive lost my family my community and my reason for living. I lost my income. And i refuse to go get a job if i can not work on sets. And i hate the film crew now for not accepting sag aftra matters to me. Being iatse does not. If i can nkt be an actor.... There isnt anything else i want to be. Guns took away why i beat cancer. ABC Eric Dane and the republicans took why i loved life.

2016 - 2020

Activities and Societies: During my spring semester of SMC's Film Production Program (2017), I was honored to be chosen from the entire class to direct the short film that I wrote with the support of my classmates as our crew. The film is currently being submitted to film festivals world wide. I was honored to receive the Filmmaker of the Year award at the Santa Monica Film Festival on December 2018.

You were in film 33 in spring of 2017? I had a complaint against Carrasco & Carrie Finklea because someone was trolling me online. I had worked on sets from 2003 to 2008 onky to be blacklisted after complaining about a sexual assault. Carrie I did not know was discovered by the director of Good Will Hunting. She knows Lili Bordan who knows Blake Shields. I was molested by Jeremy Gilbreathe. Carrasco actually said that sometimes it's a woman's fault if she's assaulted. I did not want

I was being trolled by some bitch saying I did not have white privilege. I have a college degree in theater & Masters in Performing Arts. I was at SMC to get skills to have a career. I have a law degree but I got cancer in 2005 and an autoimmune disease in 2008. It is not AIDS. My immune system is messed up so my digestive system was messed up. I had to change my entire way of living. While bring trolled by a psycho trying to get rid of me so I would shut up about being molested. Finklea is a hypocrite. I told Carrasco in 2016 I never wanted to work with her and refused to do the final project with her directing in my film 32 class.

I'm 115000 in debt from law school and because Carrasco didn't want me working in the industry or editing and kept saying he did not want a problem on his sets when my problem was being sexually assaulted by Jeremy Gilbreathe I'm going to end up dead. Writer-director Lisa Mayo said that the topic of mental health is something of importance to her. “I gained a great deal of compassion and respect for patients suffering from mental health issues during my time as a registered nursing student,” said Mayo. “I witnessed firsthand the stigma that was attached to these patients by the very people that were supposed to be caring for them. I also noticed the lack of resources for patients as well as a lack of support for their caretakers. I began to ask myself, ‘how can we help?’ but I didn’t know the answer.”

Im not a bitch. I have an incurable autoimmunne disease. And im not old. I worked in a video store in college to pay my rent & was a theater major. I read allot of plays & watched allot of movies so ebertainment is why i want a future. This is the x generation. [https://en.m.wikipedia.org/wiki/Generation\\_X](https://en.m.wikipedia.org/wiki/Generation_X)

Blake Shields is an x generation. Anyone from the age of 37 to 50 is.. Not 45. Im sick of being classified with the baby bommers or for people trying to shove 50 year olds into my life.

If Jordan Marks or Blake Shields is secretly Gay i was theater in college and both of them must be bi because both of them hit on me. I dated Jordan in 2003 when he was background on Deadwood. He was 19 but im being attacked online & accused of being a pedophile or an abuser of old people when my parents destroyed my teeth and my father has one day told me he knows i did nothing wrong on a

was 19 but im being attacked online & accused of being a pedophile or an abuser of old people when my parents destroyed my teeth and my father has one day told me he knows i did nothing wrong on a set and another tkme told me im stupid and dumn and ignorant. He has abused me like that my ENTIRE life and yet im an honor student at SMC.

This is Jordan. He worked with me on Cellular. Got fired because he kept tickling me when the crew was trying to give us instructions. Then showed up on Deadwood where he knew i was working. He asked me one day if i was into women. I told him NO. He got mad and stopped talking to me & to this day i do not get why though i was not wanting a relationship with him. Our dating was not a mistake. Just didnt work. Different. It was 2003 and i was 13 years younger. Not a cougar or old enough to be his mother. And he was not under age though the girls from deadwood told people he was. Jordan Marks

This is a letter from Blake Shields. Blake is late 30s and my generation. Not yours. I loved him once & he knew it. My union blacklisted me in 2012. Yet Blake was on my FB in 2013. Ive known where he is and what he does since 2013 yet ive seen him only 2 times. Ive even been invited to a church he was a part of in Venice but refused to go. Had peolle he knew offer me work. But if he does not invite me im not going where he is. But im not going to be abused out of LA acting or the industry. And he liked me once despite what ever hot bitch who is with him or wants him who keeps threatening me on Twitter. See attached.

on Twitter. See attached.

In 2008 i was tripped on a set so bad i could not bed my legs for a week. JT Thiboreaux? A stand in from Carnival was on set that day and i was told if i did not run all out id be fired. Within an hour after that i was in the hospital.

Jeremy Gilbteathe tried to rape me in 2006. He kept getting into my space. He had a drug problem. He was Nick Stahl's stand in who later also came out with a problem. Based on this essay by Blake Shields, so did he.

<http://dharmamomma.com/2014/03/18/the-fire-of-grief/>

I do not hate Blake for his problem unless he is a part of this and lying. I do not cheat or throw myself at men or go to bars & pick up strangers. However if he is on Jeremy's side i will not forgive him. Jeremy's wife Alaina Filo went to my college McDaniel in Maryland but after i did. I was an honor student there. I was an actor there and some of my friends were Gay. I dated a guy who looked like Blake Shields at least in height and build who was the lead in every show. Actor. I also though graduated a virgin. I was not gay. I just was scared of being forced to have kids and be a housewife.

In addition i was involved with John Ponzio whose ex is Cynthia Youngblood on Grays. In 2009 a year after i was told by Grays i was on a list. John wanted to meet with me. I refused. I wanted to be back on sets. I could not go back to being a legal temp. Lawyers would nkt let me take acting classes let alone do theater. I would have chosen to die of cancer if i knew america would favor rapists over education and honesty.

If you do nit believe me. This blog contains the emails between John Ponzio & myself. An email from the director friend of Jeremy Gilbreathe telling me to forgive him. Not accusing me of lying. That bastard probaby bragged about what he did and said i wanted it, which is BS. And An email i wrote Assaf Cohen who is on the union board in 2011 telling him i wanted his friend David Lawtence to leave me alone. David asked me out and i turned him down...Assaf, David & Blake were all in the cast of Heroes . yep i knew or met actually about 7 members of that cast.

Yeah Jetemy who you might classify as young since he is 38 violated me and got to build a career and im going to be done at SMC and unless im allowed to be an actor im going to die of an autoimmune disease because i do not want more school. I do not want to direct or be in the industry living with what was done to me because of men who violated me, tripped me on a set, and destroyed years of me working on sets to prove i was good there.

The email I am using which I keep private to avoid hacking or attempts at theft does not even end in .edu and if @SMC\_edu has access to it they are violating my state rights to privacy especially since I'm no longer a student since I was bullied by **Carrie Finklea** & Carrasco

I want to go to confession at Santa Monica Church one last time. To tell the priest I quit but also to tell him I didn't do anything at @SMC\_edu to deserve being run off the campus. **Carrie Finklea** & Carrasco twisted the truth & I'd like to know who benefited & why?

I am actually a few classes shy of the certificate in film. I want to take 33 and I want to take cinematography. I am 80000 in debt from law school but I also want an acting career. So bad I refuse to look for work unless I know I can be hired as an actor. i am so angry at being mad fun of and put down for being a smart girl instead of a sexy one and for being sick. read my instagram MARK because I was an advanced acting student in college. When i responded it would be easy for me to play a role in a student film at SMC it would be.

I worked hard on sets for my SAG AFTRA card and I have not had a vacation since the 90s though I have not had a job since 2010. And the only thing that makes me want to work is ACTING.

Why did you want me on the list for FILM 33?? I need work and i need to be hired acting and I do not need games for any one especially MEN. I am straight but my goal is to be an actor and I would have chosen not to survive my mastectomy if I knew I was going to be in hell. NOT being allowed to pursue acting. not being respected as a woman just trying to do what I want to do and not for or because of anyone else. No games. I was happy on sets and I want that life back. period.

Peace and Be Green!

Truly,

Good Morning Laura,

I offered the opportunity as a possible participant for filming for the Film33 film this semester as a crew position based, on it being a Film Production related opportunity and your work in Film 32 I pleasantly experienced. I apologize if that offended you and will notify you if there are any roles you may be a candidate in auditioning for, if you solely prefer to only participate as an actress.

Best Regards

Mark Sanche

It did not offend me the way you think. My goal is to be redmspected as BOTH. Not belittled by either. I do not want to assume but you can not completely get how it feels as a woman to be held back because of my sex and age. When younger women are not sen to be restricted for wanting to pursue multiple goals in the same industry. Im frustrated because i wanted out of school but i wanted to leave school to the life i once had on sets. Moving on is difficult when you do not see a safe road to reach your goals or any roads.

Look I do not like fake pretentious people. And i do not like people who want to hurt and degrade me for being a woman who wants to do things i love and enjoy more than i care about being rich or famous. Yet irony to be an actor and wkrk i have to be known.

Good luck to you. I do not believe in keeping your friends close and your enemies closer. You will probably make a successful life for yourself but i do nkt need to be one of the people you knife on the way up. That is how you come across to me. Sorry.

And i do not know what to do because i do not like our teachers remarks about how unattractive people have to work harder or that guy at the back who made the star quality comment, especially after i gave him advice to get cast. Id switch into the other script class if i could but it is probably too late.

I came to you because Carrie was mean to me. Last week she came over and sat near me. Carrasco made a comment about not wanting a problem student. I want to be working on sets. Attached in my acting resume. Ive been training to be an actor where ever i can when im not ar SMC.

On the day of our presentations i get handed this letter. Today also Carrie was sitting with a blond girl. I kind of want to know who she is because last week in class i said my father thinks he owns me and white priviledge means being owned. Then i get these attacks. See attached. Nit sure if i am sending you all of it but i did not report the account yet. I want you to see them.

Last week we talk white priviledge.

Carrie alsoied to the police. She said we were in class together 2 years ago. She was in film 33 when i withdrew. I want to graduate with good grades nkt have carrie insinuate i wanted to be near her. Im not gay. I overheard last week Carrie tell drew she was going to send emails. I found out from police security that she complained about emails. I emailed her and in the end toldthe teacher i did not want to work with her. She toldthe poluce she does not respind to emails. If she got the
