You are so delusional about your life it's frightening.

All the email/messages from people in the industry that you yourself have posted can quite clearly state you have been causing trouble, being hostile & aggressive, claiming people are sabotaging you when no one is & general slagging everyone one off to the point that nobody wants to hire you anymore.

Don't you even know how to read all the paperwork evidence of what you're like and that people don't want you there because you are hostile & aggressive?

Fucksake you are thick as blancmange woman, your stairs don't quite reach the attic, you're one sandwich short of a picnic, your lightbulb isn't screwed tight.

GO BACK TO YOUR WEBSITE AND READ YOUR POSTINGS OF YOUR CORRESPONDENCE WITH ANYONE IN THE INDUSTRY.

I sabotaged myself? I didn't do anything on a set to deserve to be permanently fired and I will go to My grave. Casaansra Taylor is nuts.

My career was sabotaged by someone who tripped me on a set. I was trolled over & over. I didn't sabotage my own career. My union had the cops institutionalize me because I said I was a lawyer when I really went to law school.

Yes you did say I can't be an actor. The only way I care about acting is if I can be professional. I'm not interested in anything as a hobby. Hobbies are a waste of

my time.

Go ahead and be an actor, I haven't said anything either way about apart from the fact you have sabotaged yourself in that department.

I'm not any part of USA politics, that doesn't interest me as I'm in the UK you twat.

And you saying I'm either black or a Jew, well your racist ways are showing.

Also I never heard of Shonda woman, or the majority of people you mention, I don't watch conventional tv.

And you saying 'inferring' is crap, stop making up shit.

I'd masterbate telling him I think he's a pathetic moron child who needs a mommy not a fucking wife.

I'm not interested in a future where I can't be Me and with out the entertainment industry I'm nothing but bored and I have no desire to be just a robot doing a rich employers bidding and never allowed to achieve what I fucking want.

Casaandra says dad I should leave you alone. But when I had cancer you harassed me for days about my loans in 2005. When I called the feds & told them I had cancer they put my loans in deferment for me because I was in school. I didn't even know my taking classes at Santa Monica would do that. I started taking classes because I wanted to find a way to work that would allow me to have the option to act if I got the chance and pay off my loans. But no. I'm required to work a 9 to 5 job with health insurance or I'm a criminal to my father.

My fathers response was to start yelling at me about it. He called me repeatedly angry with rage. I was taking classes online. Working on sets. Having a mastectomy.

My father thinks I'd go work as an agent or private investigation. He's delusional thinking I'm a female clone of him. I'm also stupid and dumb because I'm a girl. He desperately wants me to talk to my mother. He won't talk to me about things important. I'm the oldest with an economic degree but my brother knows my father's finances. He'd never discuss finance with me. My vagina makes me too stupid even though we are both omnicron delta epsilon. I was capable of taking care of me but instead I get put in an institution and treated like I'm mentally incapacitated. Yet I do everything myself from designing logos to writing scripts. To editing my own stuff. There are men who are less capable than

me in digital art & editing working but then we women are judged by a different standard aren't we.

You keep saying Cassandra that you never said this or that but it can be inferred by your reaction to my wanting acting. Also my spam folder is being flooded with GOP email with ever email I send you bitch.

I'm betting you are Jewish or black because even though you hate Trump you still wall and tall like a conservative who needs me to obey my abusers aka my parents. I'm a woman who wants to think for myself and you want to believe your right in your actions. Are you a shonda rhimes fan?

I'm never going to care about life without acting.

I think about kicking my father in the balls for not caring a coke head molest me & not caring when I was tripped on a set.

My mother didn't go to college. I'm more educated than both my parents but by all means treat me like I belong in an institution for going back to school and getting a GPA of 3.6 in digital media and As in acting. I even got an A in comedy bitch.

Your were probably hired to do this so I can't sue and claim discrimination.

I wasn't mentally ill.

And? All your postings from other people show you have a serious problem and you don't do 'adulging' everyone is saying the same stuff to you, people have tried to help but all you do is verbal abuse them.

When your neighbour said she could hear screaming in the middle of the night I have my money on it being you.

You can't even have a phone call or do a video without shouting and appearing aggressive and angry.

Knock yourself out young lady, walk into a medical facility and do yourself a favour, GET HELP!

And stop telling me about your bleeding vagina you sick woman.

Your in the UK. I don't talk to people on the phone that much. I hate the phone.

I'm terrified to go anywhere for fear some Nazi like you Cassandra will attack Me and call me crazy when I haven't done anything

My vagina doesn't bleed anymore. What are you? A member of some far right religious group who won't let women talk about their bodies let alone their monthly functions. Have you watched the CW? We don't live in the middle ages anymore.

I was a sane woman who had goals. People think I was stalking Clooney when I've never step foot into the Smokehouse restaurant. People think I was stalking Blake Shields. He's into Hinduism. I think Hinduism has too many flaws when it comes to classicism sexism. I had friends who hurt people they were dating because of arranged marriages.

You say I'm not adulging but your not even mature enough to handle talking about a woman's monthly cycle?

Do I have to wait until my parents are dead before I'm an adult because I spent ten years in DC & my family didn't meet my employers or room mates or friends. I didn't want my parents in business or life

As to my building the woman is crazy. She puts food out for animals. Then when homeless people start camping near our apartment because I'm guessing they take some of that food, I can hear her cursing them out in front of the building and I'm on the second floor

You are judging me without even meeting me right? You realize most psychiatrists would lose their license for doing what you are doing?

I'm delusional about my life?

I want to kill myself because of how pathetic I feel

I would be a working actor if not for horrible people like you Cassandra.

I've never hurt anyone. I've been driven insane by slander. .

I worked every day on sets from August 2003 to 2008. I was also on set in 2009 and some in 2010 as Aftra Union. 2011 I shot 2 union shorts.

My twitter had casting about following it.
