I do not understand this. How can Stephen Miller be a hater of any group and live with himself? How can he demand or claim superiority while promoting hate? Did he study history? He has a law degree. Surely he was taught racial hate and sexism are violent and can be criminal.

Miller is a hypocrite. Statistically a lot of white supremacists are anti semetic. Are the jews who voted for 45 anti black? Its ok to hate black people but not jewish people? What's the point of remembering the halocaust if we are just going to repeat it with another group of people? This time women & minorities other than jews. And 45 will only recognize Christian ideas. Many of 45 supporters state this is a Christian nation. Hate to tell Miller this but that means sooner or later they will turn on him and his community and try to deport all Jews back to Israel. Maybe that is the real reason Israel is violating UN rulings and building on the West Bank, for the day all American Jews are driven home. I do not understand that mentality. I do not at all. I knew a guy back east who now works for the holocaust museum. He helped me get a job at the Kennedy center. Someone give Miller tickets to the holocaust museum. Maybe he needs to understand the realities of racial ethnic genocide. Maybe he needs to see how his own beliefs

could lead to the demise and cleansing of his own community. Hitler was in reality jewish. Ironic but true. Self loathing only leads to a dark path of self destruction.
